DR. WALTER CREESE

Dr. Walter Creese spent the summer of 1954 in Europe as a member of the Columbia University Urban Studytour. Cities in England, Scotland, Norway, Sweden, Denmark, Germany, Holland, Belgium and France were visited by the group. This visit is the basis of his article to appear in the *Journal of the International Federation for Town Planning* in the Hague, the Netherlands, probably sometime this spring.

Mr. Creighton Gilbert spent the summer studying in Italy. He made his headquarters in Padua and traveled a lot, making a close examination of Renaissance paintings, primarily in Venice. He is now writing a book on problems of Venetian painting.

MR. CREIGHTON GILBERT

MRS. META RILEY EMBERGER and  
MRS. MARIAN ROSS HALL

Last summer, Dr. John Heldman taught two classes daily in the Summer School session and was traveling Supervisor of Recreation for the Jefferson County Recreation Board.

He is the 1954-55 President of the Fall Cities Basketball Officials Association. This is his 30th year in "tooting the whistle."

DR. JOHN HELDMAN

Mrs. Meta Riley Emberger and Mrs. Marian Ross Hall look over galley proofs of their book, *Scientific Writing*, which is being published by Harcourt, Brace and Company. The book is designed for text use in classes in scientific writing, report writing, and advanced exposition and for use as a reference for writers in science, business, and industry.

MR. MAURICE LANEY

During the summer of 1954, Dr. Koester and his wife visited the germanic speaking countries: Iceland, Norway, Sweden, Denmark, and Germany. He is now writing a book on the German speaking people in Kentucky.

In addition he has recently written the articles: *German Newspapers*, *Latin Farmers*, *Bloody Monday*, *The Turners Early History*, *History of the Social Male Chorus*, and *Lola Montez*.

For the past two summers, Mr. Maurice Laney and his family have moved to "Hoosier Courts" at Indiana University, where he is completing a Ph.D. degree in Music. He has been concentrating on getting his language requirements out of the way and with the help of a French tutor, Mrs. Laird, is working his way through *Les Symphonies de Beethoven* by Jean Chantavoine and hopes to pass both French and German requirements by the end of next summer.

DR. LEONARD KOESTER

#### HARVEY B. LOVELL

During the spring semester 1953-54, Dr. Lovell was on sabbatical leave. His time was about equally divided between two projects, the first of which was to complete the revision of a one semester textbook for a beginning zoology course. The second project was to continue to collect and photograph the honey plants of the United States, that is plants which are of value to beekeeping. As his co-author of the text teaches in central Florida, he was able to spend part of the spring there at the time when many species of trees, shrubs, and herbs were coming into bloom. He also observed birds in many areas and helped make a breeding bird study in Owen County, Kentucky.

#### E. E. LYON

Mr. E. E. Lyon taught at O.S.U., Columbus, Ohio, last summer. He ran a "nightly vacation Bible School," ministered to his church, and taught one week at a Bible Camp. He is chairman of the Committee for promoting Original Band Composition of the College Band Directors National Association, Immediate past chairman of the Southern Division of C.B.D.N.A., and chairman, Louisville Region Kentucky Music Education Association.

#### DAVID W. MAURER

David W. Maurer, member of the University's English Department, has done extensive research in the field of language, with special reference to non-standard usage—including dialects, slang, and occupational speech. Last year he did research at the University of Mexico on the contraband in drug traffic. While in Mexico, he became interested in archeology, and is now getting a book ready with material he gathered there. Dr. Maurer is particularly interested in criminal argots and is now doing a major study on thieves.

#### DORIS NICKEL

Miss Doris Nickel is our Assistant Dean of Women. Her varied responsibilities include supervision of the offices of both the Dean of Men and the Dean of Women. She also manages the social calendar, attends conventions, and keeps records on the dormitories, sororities, and fraternities. She teaches an education class in Methods in Shorthand and Typing. As secretary of the Student Aid Committee, she assists in the handling of all scholarships. Last summer she took a pleasure trip to Michigan, and for a week or ten days relaxed on the beaches there.

#### J. J. OPPENHEIMER

Last summer Dean Oppenheimer taught at the University of Minnesota where he had a seminar in higher education and was a consultant for the workshop on higher education, which is conducted under the auspices of the North Central Association of Colleges and Secondary Schools. In his spare time he did a little fishing for walleyed pike. He has also served on several intervisitation committees of the American Association of Colleges for Teacher Education. His last trip was to Ohio University. He is now supervising some studies concerning the kinds of students who come to the College, how many of them stay for four years, and what they think of the College program.

#### DR. C. H. PARRISH

Dr. Parrish was a field consultant for the Southern Regional Council last summer. It was his primary concern to stimulate local interest in the working together of Negroes and whites in implementing the Supreme Court decision on desegregation.

#### DR. SAMUEL B. PEAVEY

Dr. Samuel Peavey can be identified as one who is very sincerely interested in talking with students who have any degree of interest in becoming teachers—particularly in junior and senior high schools. His current responsibility is coordinating the professional courses and supervising the student teaching of prospective secondary teachers. He is also serving, at present, as a consultant in curriculum for the Louisville Public Schools and is in charge of a general survey of curricular problems in the secondary schools.

#### MR. GEORGE PERLE

Mr. George Perle, University instructor in music history, has an article in the British quarterly *Music Review* on "The Harmonic Problem in Twelve-tone Music." Perle has published articles in this magazine since 1941. Perle, who is equally well known as a composer and a critic, was featured in a Town Hall concert on December 17. His "String Quartet No. 3" was selected for performance at the annual Town Hall concert of the National Association of American Composers and Conductors in New York.

#### DR. HARVEY WEBSTER

Dr. Harvey Webster received a fellowship to "Yaddo," an artists' and writers' colony which is located in Saratoga Springs, New York, for the last two months of last summer.

#### DR. JOHN J. WEISERT

Dr. John J. Weisert, of the University's Modern Language Department, is doing research work on the history of Louisville's theaters. He has completed a list of movies shown at McCauley's Theater and is working on lists of other theaters now. The Louisville Theater from 1846-1866 is his present project. Old newspapers are his main source for titles of the movies. He attended recently a "Teaching of Modern Foreign Languages" Conference at the University of Minnesota.

## *Trophies and awards*

# Fryberger Sing

Each Spring all organizations are encouraged to enter Fryberger Sing. Awards are given to men's and women's groups.

Chi Omega won first place in the women's division with a "Mother Goose Medley."

"All the Things You Are" won second place for Kappa Delta.

Phi Kappa Tau took second place with "Cindy."

## Barbershop Contest

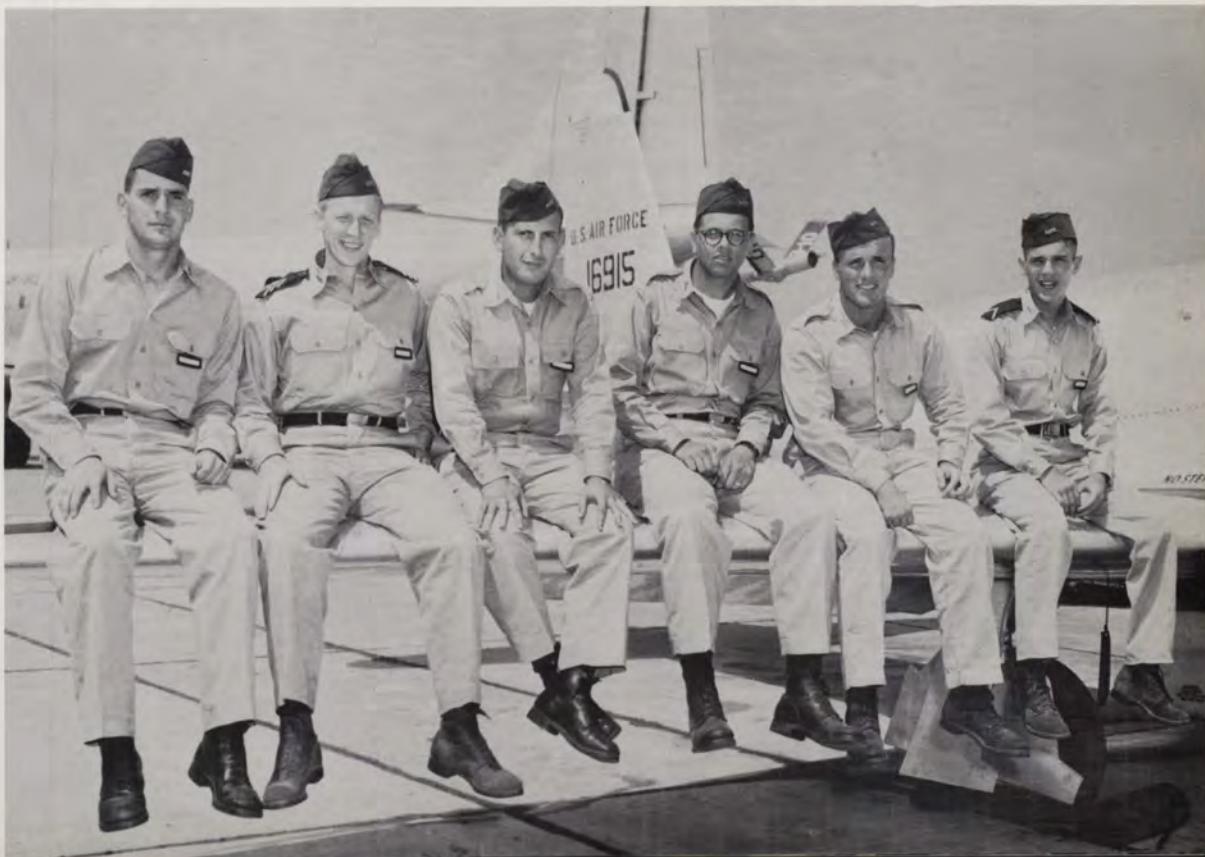

Chi Omega's "Mischords" and Phi Tau's  
"Ramblers" win Barbershop awards.

Spring fades away to summer and the students move to the open spaces.

Summer camp was an experience for Air Force cadets.

# Fall

The Fall Semester began with students going to Leadership Camp. Here, plans were made for the year with conferences, speakers, and panels.

During the year we saw one of the best Homecoming Parades and House Decorations that the campus has ever produced. The Fall Semester was also packed with parties, Dances, and more new plans for a bigger and better University of Louisville. And now, Leadership Camp . . .

# University Student Council

The University Student Council consists of the presidents and vice presidents of the various schools in addition to elected members from each school. Its purpose is to promote cooperation between students and faculty and to balance the academic life of the students by the promotion of extracurricular activities within the University. Among its worthwhile projects are Homecoming, Leadership Camp, Fryberger Sing, the Barbershop Quartet Contest, and the Student Directory. These and many other activities are directed through the efforts of the commission heads.

## Woodcock Society

The Woodcock Society is the oldest honorary scholastic organization of the University of Louisville. Early in the century, the Right Reverend Charles E. Woodcock, Episcopal Bishop of Kentucky, lost his son. In his name Bishop Woodcock established a "memorial to the high qualities of youth which he embodied." The first Woodcock Medal was awarded in 1910 to the student who was considered by the faculty of the College of Liberal Arts to have "attained the highest standing in scholarship, and who possessed "the qualifications considered by the faculty essential to the recipient of this high honor."

In 1920 the first ten medalists organized into a society with standards conforming to those set up by Phi Beta Kappa, in the hope that its existence would increase the College's chance of securing a chapter of Phi Beta Kappa. Since that time the Woodcock Society has elected, in addition to the yearly medalists, members totaling not more than ten per cent of the graduating class, whose scholastic standing, character, and general attitude meet the requirements set forth for the medalists.

An annual banquet is held to honor the new members and to reaffirm the ideals and traditions that have grown with the years. The Woodcock Society cooperates actively with the University and the local Phi Beta Kappa organization in their endeavors to obtain recognition by Phi Beta Kappa. To encourage a high standard of scholarship, annual awards are given to recognize the student in the freshman, sophomore, and junior classes who has achieved outstanding scholarship during the current year.

## *Air Force Reserve Officers' Training Corps*

Since its formation in 1949, the Air Force Reserve Officers' Training Corps has grown to be an integral part of the campus life here at U. of L. Under the leadership of Col. I. B. Anderson, the Corps has grown to its present high status.

To the students now enrolled in the program, the Air Force ROTC offers, in addition to its regular courses in the Air Sciences, a wide variety of activities calculated to have some appeal for every member of the Corps. The AFROTC sponsors a Drum and Bugle Corps, the unit newspaper, STATIC, the rifle teams, a drill team, the Corps of Sponsors, the Arnold Air Society, Glee Club and a Variety Show. Each year the Corps's social committee, in collaboration with the Arnold Air Society, supervises the annual Military Ball, a "Pop Dance" and several other parties.

#### STUDENTS TO EUROPE

For five consecutive summers our University has sent boys and girls to Europe so that they may observe and participate in the continental way of living. From 8 to 10 weeks our students work in industrial and commercial firms as chemists, civil engineers, teachers, typists, salesmen and electricians—receiving full pay for their services. Off the job they live with families whose members work side by side with the students. The students and families, living and working together, having the same interests and recreations, come to understand one another and their ways of thinking. Through their experiences, personal and technical, our students see more clearly the problems of other countries and become more informed and competent. Not only do we send our students abroad, we bring European students to our University. They, like our students, believe that this International Exchange Program, which provides professional as well as personal experiences, cements friendships and cultivates understanding on both sides of the Atlantic.

Cardinal fans who expected a better record in '54 were badly disappointed early in the season as the Cards dropped their first four games. There was a reason for this, however, as Coach Frank Camp had stated before the season began that, "lack of experience will hold my team down for a short time." And so it was, for they went on to win three of their last five games, losing only to Eastern, whose fine team went to a post-season bowl (20-6), and Western, who was then undefeated (25-7).

Coach Camp's two team strategy began to pay off in the Evansville game when the Cardinals, led by such stalwart veterans as John Unitas, John Becker, Dick Kovanda, John Noon, and Jim Houser; and strengthened by newcomers Leonard Lyles, Bill Layne, and George Cain, racked up the first home victory in almost two seasons. Then came the Centre game and the Cards really began to flex their new muscles as they ran "ruff shod" over a very good Centre eleven (27-6). Paced by the running of big John Sowa, the perfect placements of Gene Sartini, and an all-round defense, this game was easily the Cardinals' best of the season. Both the team and the school spirit seemed to soar with each successive victory, and by homecoming day the stage was set and the Cardinals rang down the curtain at home with a (24-0) victory over the Morehead Eagles.

Graduation will claim only three of the starting eleven (twenty-two might be more correct), Miles Kozubik, Dick Kovanda, and John Unitas, the hardest of all to lose. For the last four years John has been a leader and an outstanding performer for Cardinal teams.

Bolstered by the return of some lettermen from the service and strengthened by a year of experience, the team of next year should bring football at the University of Louisville back to its previous strong position in the athletic program.

### MURRAY KENTUCKY

Louisville's opening football game of the 1954 season seemed like the beginning of the end to Cardinal rooters as the Cards were soundly beaten by a fine Murray team which was seeking revenge for its '53 loss to Louisville. Louisville's two touchdowns were scored by Leonard Lyles and Bill Layne. Lyles registered his on a 29-yard toss from quarterback, Jim Houser, in the second period, and Layne drove over from the one in the fourth after a Murray fumble. The final score read 33-13—Murray.

### WAYNE

Fumblitis, coupled with just plain hard luck, caused the Cardinals to lose what should have been a very close game (13-0). The first half was an even battle, but an excellent kick put U. of L. in the hole midway of the third quarter and when Mike McDonald tried to kick out of his own end zone, the pass from center was low and Wayne's right end recovered in the end zone for an automatic touchdown. Their second score came early in the fourth quarter when another U. of L. fumble gave them the ball on the Cardinal 35-yard line.

### FLORIDA STATE

The depth and power of a fine Florida State team which is climbing its way into major college football displayed some of its potential in walloping the Cards 47-6 before some 1,000 spectators at du Pont Stadium for the Cards' third straight loss this year. Louisville's lone touchdown came late in the first quarter when Unitas intercepted a Seminole pass and returned it to the F.S.U. 38-yard line. Nine plays later, Bill Layne carried it over from the one-yard line.

### DAYTON

The Cards ran into bad luck as their first four starting guards plus some other key players were unable to make the Dayton trip, so hopes for getting into the win column were soon abandoned as the Flyers scored at will to rack up a 27-7 victory. The Cardinal touchdown came late in the game with Jim Houser passing to Lyles for the score and Gene Sartini kicking the extra point. Performing admirably as substitutes in the line were fullbacks Ronnie Delle Donne, and Don Purcell.

### EVANSVILLE

The Cards surprised everyone this time by pulling an upset 26-6 victory over the Evansville Aces. It was their first victory in the last thirteen games. The Cards' first touchdown was by Houser who intercepted an Evansville pass on the Aces' 39-yard line, and on the next play, behind good blocking, Bill Layne swept right end for the TD. Fred Zangaro's kick was good and U. of L. led 7-0 at the half. The second half was not very old when George Cain found a hole over right guard and, led by Jim Becker, went 47 yards for the second score. This time the kick was wide and the score was 13-0. A penalty and a freak play set up the lone Evansville score. John Sowa's second kick, after a penalty, was blocked and the Aces' Bob Scott picked it up and ran for the TD. Late in the third quarter Unitas flipped a pass to Leonard Lyles that was good for 45 yards and a touchdown. The kick by Gene Sartini was good and the score was now 20-6. To climax the evening for Card rooters, Layne racked up his second marker on a spectacular 85-yard run. Zangaro's kick was short and the final score was 26-7—Louisville.

### WESTERN KENTUCKY

The powerful, unbeaten Hilltoppers of Western Kentucky, led by Little Jimmy Aurs, punched over two quick touchdowns in the fourth quarter against a sluggish U. of L. defense and racked up a 25-7 victory. Until the last period, however, the Cards were very much in the game as Western led only 12-7. The Louisville touchdown came in the third period when John Unitas passed to Jim Becker and Sowa for 50 yards and a first down on the Hilltopper five. Then, on fourth down Lyles ripped over right tackle for the score and Sartini's placement was perfect.

### CENTRE

For the first time in nearly a year, the Cards were favored and they did not let the experts down. Led by big John Sowa, the Cards mastered the Centre Colonels 27-6 for their second straight victory. Early in the second quarter the Cards scored with a 52-yard drive led by Jim Houser and climaxed by Lyles who slashed over guard for the TD. Sowa returned the second-half opening kickoff to the Centre 15 and two plays later he literally bulled his way over the goal with tacklers hanging all over him. Sartini's kick was good, and from there on it was all Louisville as they punched over two more scores in the fourth period.

### MOREHEAD KENTUCKY

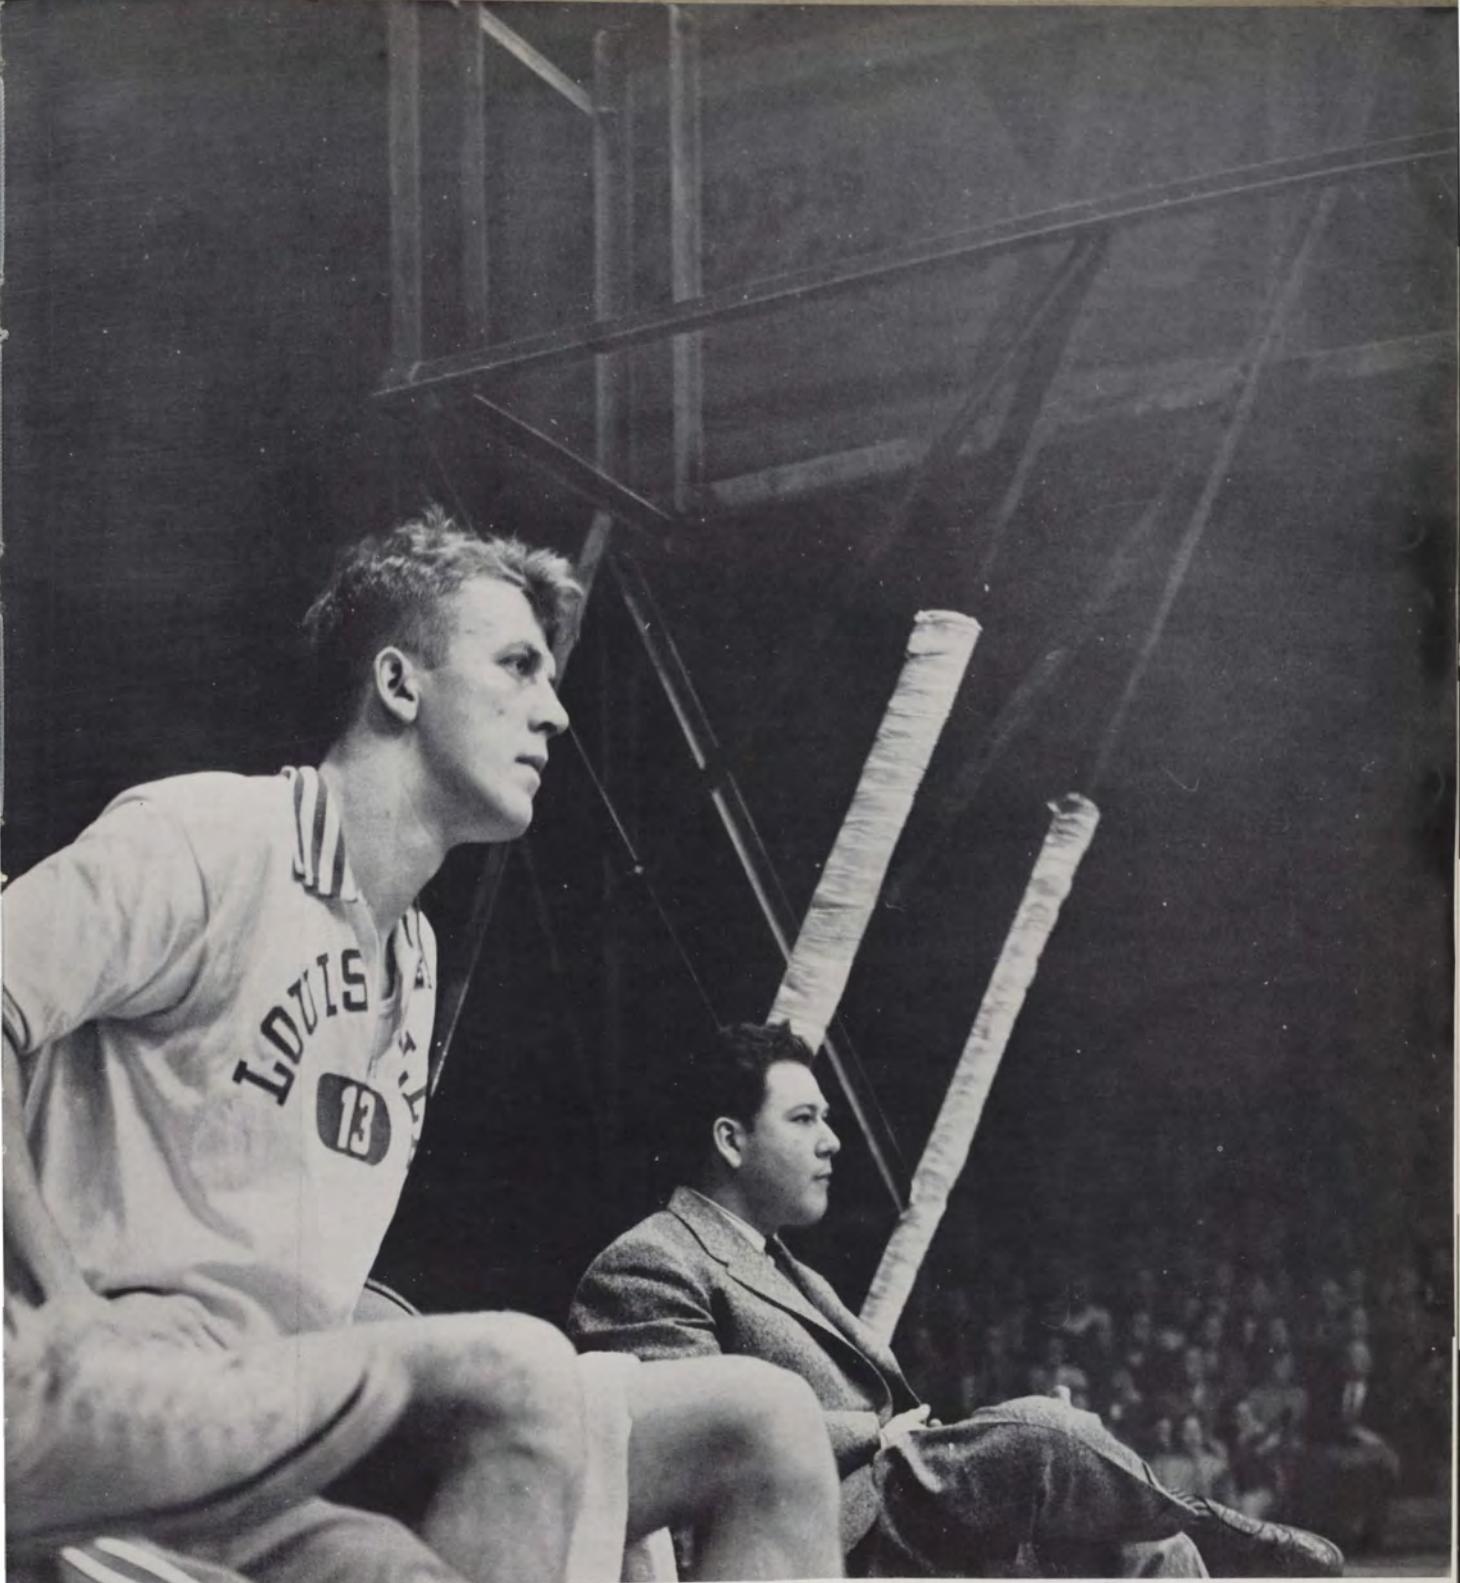

Homecoming '54 and the team celebrated, too, with a fine 24-0 victory to finish the home season with three wins against only two losses. The Cardinal defense was great in holding the Eagles to only 70 yards rushing, while their offense clicked with precision in rolling up four touchdowns and missing two others due to interceptions. The Cardinals' first score was set up by a pass from Jim Houser to Gene Sartini, and Tom Caras bulled over from the three. The second TD was scored by John Sowa after Houser had intercepted an Eagle pass on their 46-yard line. Lyles picked up the third score after another Morehead fumble. The last marker came in the fourth quarter, set up by a spectacular catch by Becker of a Unitas pass on the 17-yard line. Then Layne carried it over for the final tally.

### EASTERN KENTUCKY

It was evident from the first that the Cardinals were playing a great team, for the Maroons were a victory-hungry eleven looking for both an undefeated season and a bowl bid. Eastern's offense was very strong as their flashy halfback, Don Daly, ran almost at will for long gains. However, until the final quarter, the Cardinals were still in the game threatening. The Maroons scored in the first, second, and fourth quarters. The Cards gave a very creditable account of themselves, as their offense moved smoothly, but they could not beat the strong Eastern defense and they ended the season on the short of a (20-0) score. One consoling fact is that the leading college scorer in the state is U. of L. freshman halfback, Leonard Lyles.

"Get in there . . ."

Head Coach . . . BERNARD "PECK" HICKMAN

Certainly if any one person is responsible for the high ranking of the University of Louisville in national athletics, it is Coach Hickman. His new ideas and hard work as both head basketball coach and now Athletic Director, has taken his Cardinal hoopsters to six national tournaments in the past nine years. The last four consecutive have been to the National Invitational in New York. So to a truly fine man and leader we say "Well done, Mr. Hickman."

After-the-game interview with the coach.

Assistant Coach . . . JOHN DROMO

To this man too must go much of the credit for the University of Louisville's basketball success, for he has certainly done a wonderful job for the past few years with Cardinal freshman teams which become the backbone of the next varsity.

Also, his work as head Gold Coach has been outstanding, as shown by his fine team of last season.

In the pre-season polls, the Cardinals were consistently rated among the top twenty teams and were picked to be the top Independent team in the South. Looking merely at the record of 19 wins and eight losses, one might say that this year's team was very disappointing. A closer look at the records will show quite the contrary.

The Cards rolled to six straight victories before they were defeated by the highly regarded Dayton Flyers in an overtime at Dayton. Returning home, the Cards added College of Pacific and Oregon to the growing list of Cardinal victims. With an impressive 8-1 record, the Cards entered the K.I.T. as the favorite to win the title. Louisville showed it deserved the rating by trouncing Morehead and Eastern by impressive scores to cop the tournament. The entire starting team of Darragh, Gastevich, Tyra, Rollins, and Keffer made the All-Tournament Team.

The next two weeks were hard ones for the Cards. They were able to win only one game of the four played during that time. The losses were to Marquette twice and Xavier. The only bright spot was the victory over Notre Dame, in which Louisville proved they could hold the ball when necessary. What was hoped to be a long winning streak was begun, but it was quickly snapped after two games by Dayton. Again, they won an evenly fought contest that went into overtime. The remainder of the season was highlighted by pairs of victories over both Bradley and Kentucky Wesleyan and the revengeful trouncing of Xavier.

It is impossible to single out any individual stars for the Cards from the past season. If a list of the stars was to be made, it would have to include nine men, Tyra, Prudhoe, Rollins, Gastevich, Moreman, Keffer, Morgan, Darragh, and Harrah. All of these men could be, and were, depended upon to be very effective when the going got tough. Not to be slighted are the other members of the squad who saw limited action, but gave a good account of themselves when they were on the hardwood.

Next year, with seven of the nine regulars returning, Louisville should again be a basketball power. The services of Prudhoe and Gastevich will be missed and will be hard to replace, but next year's Cards will have height, speed, and aggressiveness. These qualities should make the Cards of '56 one of the greatest teams ever to represent Louisville.

#### NATIONAL INVITATIONAL TOURNAMENT

The Cards were trying again this year for the elusive N.I.T. title as they headed for New York. This was the fourth try for Louisville. In three previous N.I.T. tournaments, they had never advanced past the second round.

The Cards drew Manhattan as their first round opponent. Manhattan was highly regarded in the East and was expected to give Louisville quite a bit of trouble. Prudhoe and Tyra teamed up to score 50 points and led the Cards to a 91-86 conquest of the New York five. The Cards then went into the second round game against top-seeded Duquesne. Duquesne's highly touted Si Green was reported sick and Louisville's hopes soared. But it was Green who led Duquesne to a 74-66 win over Louisville.

## Freshman Team

Another successful season is in the record books for the University of Louisville freshman basketball team. By winning twelve of fifteen games, this season's frosh quintet boosted the four-season mark of Coach John Dromo to 75 victories against only five defeats. Highlight of the season was the 73-59 conquest of Villa Madonna College, a team which had numbered among its victims Bellarmine College. Other outstanding events were century-passing marks against Lees Junior College, Zion, Cummins, and New Albany.

It was almost a surprising note when the top scorer of the team turned up to be Vern Woods. It is not that 6'5" forward from Dayton lacks any basketball ability, but that he has that quiet approach. He sort of sneaks up on you in the scoring column, much like the Cards' great Bob Lockmuler used to do. Vern tallied 215 points for a 14.4 average. Perhaps the finest attribute that Vern has is his steadiness.

Paul Basham was runnerup in the frosh scoring column. The lanky 6'3" guard used a variety of shots to tally 193 points and a 12.9 average. Louisville's Mutt and Jeff combine ran three and four in the scoring parade. 6'10" Jerry DuPont used his height, speed, and ability to tally 176 points. 5'6" Bobby Potter was always a crowd pleaser with his long, arching set shots. Potter hit for 144 points. 6' 5" forward John Varoscak's 23 points against Villa Madonna were a highlight for the impressive freshmen. Big 6'10" Jim Heeren split the center duties with Jerry DuPont. Heeren, like DuPont, possesses great potential. Burt Deckel, a local boy from Flaget High, looked good in tallying 81 points.

Surprise of the frosh squad was Dick Foree. This hardworking lad didn't even play in the Cards' first two games. But when John Froning was hurt in an auto accident over the Christmas holidays, Foree showed the stuff he was made of. Foree impressed the coaches with his heady team play and ability to get the ball into the post man.

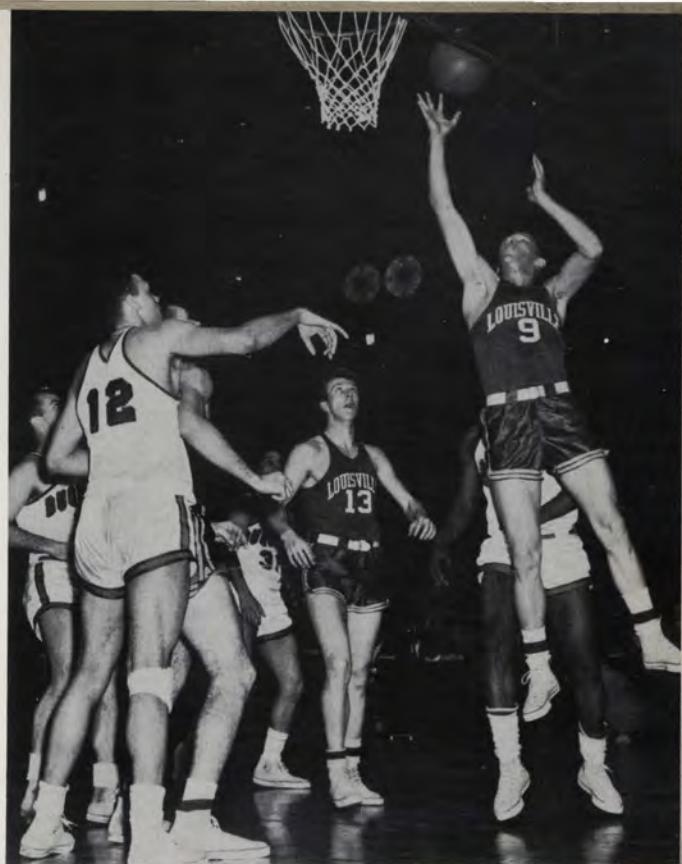

Another spirited frosh cager is Tom Armstrong. An end on the football squad, Armstrong got a late start, but showed great hustle, rebounding ability, and good ability in driving toward the basket.

Hurt in that Christmas accident was one of the most promising of the frosh cagers, 6'4" John Froning. A Dayton, Ohio, boy, Froning suffered a few cracked ribs and some other minor injuries which kept him out the remainder of the season. Rounding out the freshman squad were Dick Doggett and Flavian Myers.

## *Swimming Team*

This year's swimming team won eight straight meets to finish the season undefeated. This is the first time that a U. of L. swimming team has gone undefeated. Two of the members of the team also were never beaten. Wynn Paul and Jack Zellich finished first in their events in every meet.

The team was sparked by four freshmen, Wynn Paul, Jim Craddock, Bert Bartlow, and John Sloane, who accounted for 58 per cent of the total points scored. With the entire squad returning, the prospects of another fine season next year seem very good.

COACH  
JOHN HELDMAN

The 1954 baseball team started out slowly; but after converting John Reschar from outfield to catcher, where he became most outstanding, and the development of the all-freshman infield, the Cardinals finished with a very pleasing record of 13-6. The biggest feat of the year was a grand slam homer by Norman Slucher in the Eastern game.

The '54 tennis team showed much improvement over the previous year's team, due to more experienced players. Erich and Anderson were outstanding in singles play, and also Tripp in doubles. Most pleasing win of the season was the triumph over Centre after a previous loss to them at Danville.

The season was a great improvement over the 1954 (0-5) record and since all of the team will be back except Fultz, even greater things may come in '55. Singularly outstanding were Sinclair in the dashes, Miller in the shot and discus, Harrah in the high jump, and Boswell in the half-mile. The team included A. L. Bailey, J. Boswell, H. Chaplin, J. Fultz, H. Harrah, G. Huhlien, J. Karem, R. Keeling, R. Keffler, M. Miller, G. Montgomery, B. Olrich, R. Pegge, C. Phillips, D. Sinclair, R. Staats, J. Thorpe, J. Trinkle, G. Westerman, R. Slechter.

## *Intramural Council*

Our premise is that competitive sports and recreational activities are a desirable part of a student's program of education. As a supplement to the program of physical education, they provide opportunities for the student to engage in activities of his interest under conditions that are physically desirable, mentally stimulating and satisfying, and socially sound. They foster and promote group spirit and loyalties as well as help to develop an appreciation of a lasting interest in sports. We recommend that you participate frequently in activities of an individual or dual nature as well as team games in order that you will be skillful enough to engage in them for recreational purposes in later life.

*The goal of the Intramural Sports Program at the University of Louisville is sports for everyone and everyone for a sport.*

The Intramural program has really expanded this year. Some of the activities that are enjoyed are mentioned on this page. Others include Volleyball, Table Tennis, Modern Dance, Softball and the Turkey Trot.

Polly Bealmear and Dean Oppenheimer

## DEAN J. J. OPPENHEIMER

Dean J. J. Oppenheimer, Dean of the College of Arts and Sciences since 1930, has worked steadily for the advancement of the College in its intellectual and educational spheres. His wide experience as an educator at the Universities of Minnesota, Idaho, Missouri, and Stephens College, and his background of educational work in Germany contributes to his broad view and understanding of the educational process. Dean Oppenheimer received his B.S. and M.A. from the University of Missouri and his Ph.D. from Columbia University.

## POLLY BEALMEAR, *Educational Advisor*

Miss Bealmear, who is well known to all the students on Belknap Campus, was graduated from the University of Louisville in 1950. Since that time she has worked with student records and has been the Dean's secretary in the College of Arts and Sciences. In her present capacity, Miss Bealmear compiles data for the catalogue and advises students concerning schedules and general curriculum.

The College of Arts and Sciences, the largest day-time school of the University, offers a liberal education and training for professional and graduate schools to students who, in the future, will enter upon the many and varied walks of life. Aware of the vital role of the university not only in the community but in the complex world of today, the College in recent years has seen more and more students from many countries take an active part in its intellectual and social life. Located on Belknap Campus since 1924, the College of Arts and Sciences developed from the Jefferson Seminary, established in Louisville in 1798.

*Business*

# School of Business

The School of Business of the University of Louisville was established in 1953 and was an outgrowth of the Economics and Commerce Department in the College of Arts and Sciences. The School provides instruction for qualified students in both business and economics subjects at the graduate and undergraduate levels.

The primary role of the School of Business is to train students who may eventually assume positions of responsibility in the business world. To accomplish this objective, the School of Business seeks to equip its graduates with a broad background of factual business and economic information, an understanding of the problems of business organizations, and the ability to analyze business problems, a knowledge of the use of business machines and the responsibilities of business to the community, state and nation.

The rapid industrial and commercial growth of the Kentuckiana area, which has reflected itself in the demand for students trained in business, has led the faculty of the School of Business to establish five curricula: Accounting, Banking and Finance, Management, Marketing and Secretarial Science. Thus, a Business School student specializes in his area of subject matter interest and in addition to the hours of general education courses, completes a core curriculum of business and economics subjects.

Secretary .....	HELEN MOHLENKAMP
Treasurer .....	MARVIN KATZMAN

The School of Business Student Council was organized in the Fall of 1953 with the opening of the new school.

The aims of the Student Council as representatives of the student body are: to create better relationship between the faculty and the students by presenting any comments or criticism of the students; to help promote the criteria of the School of Business; and to deal with any problems that arise. The main project of the council this year was to sponsor a "Career Day" for the schools of the college interested in the field of business.

DENTAL  
CLINIC

## *School of Dentistry*

The School of Dentistry was organized in 1886 as the Louisville College of Dentistry and was affiliated with Central University of Richmond, Kentucky. In 1918, the School of Dentistry was reorganized as a school of the University and is well-known throughout the nation for its selection of curriculum and the maintenance of its modern clinic and laboratories. The school is located at Brook and Broadway. It is fully accredited by the Council on Dental Education of the American Dental Association. Raymond E. Meyers is the Dean of the School of Dentistry.

# Graduate School

Dean Guy Stevenson and his secretary, Barbara Hoback.

The Graduate School of the University of Louisville was established in 1907. The degrees of M.A. and M.S. have been given continuously since 1908. Since 1936 the Graduate School has been associated with the Conference of Deans of Southern Graduate Schools of the Southern Association of Colleges and Secondary Schools. In 1951 the Board of Trustees authorized the initiation of the School's first program leading to the degree of Doctor of Philosophy. Beginning with the 1951-1952 session graduate work leading to the degree of Doctor of Philosophy has been offered by the Department of Chemistry of the College of Arts and Sciences.

An informal gathering for graduate students.

Several departments of the College of Arts and Sciences, the School of Dentistry, the Speed Scientific School, and the School of Medicine, the School of Music, and the Raymond A. Kent School of Social Work offer courses acceptable for graduate credit. The departments in which majors for the Master's degree may be taken are: Anatomy, Biology, Chemical Engineering, Chemistry, Civil Engineering, Economics and Commerce, Education, Electrical Engineering, English, Fine Arts, Histology and Embryology, History, Mathematics, Mechanical Engineering, Microbiology, Oral Medicine, Pathology, Physics, Physiology, Pharmacology, Psychology, Public Health, Social Work, and Sociology. The Department of Chemistry is authorized to offer a Ph.D. degree. Another department that just recently started to grant Ph.D. degrees is the Department of Chemical Engineering.

The graduate degrees granted by the University are Doctor of Philosophy, Master of Arts, Master of Business Administration, Master of Education, Master of Science, Master of Science in Medical Sciences, Master of Chemical Engineering, Master of Civil Engineering, Master of Electrical Engineering, Master of Mechanical Engineering, Master of Psychology, and Master of Science in Social Work, Master of Music, Master of Music Education, and Master of Science in Dentistry.

#### RESEARCH PROGRAM OF THE OAK RIDGE INSTITUTE OF NUCLEAR STUDIES

The University of Louisville is one of the Sponsoring Universities of the Oak Ridge Institute of Nuclear Studies located at Oak Ridge, Tennessee. Through this co-operative association with the Institute our Graduate Research Program has at its disposal all the facilities of the National Laboratories in Oak Ridge and of the Research staffs of these laboratories. When Master's candidates have completed their resident work it is possible, by special arrangement, for them to go to Oak Ridge to do their research problems and prepare their theses.

The students will go to Oak Ridge on Oak Ridge Graduate Fellowships which have varying stipends determined by the number of dependents they have and the level of work that they are doing.

#### FORD FOUNDATION AT THE UNIVERSITY OF LOUISVILLE

Pictured above is the mass meeting of City and County Supervisors of Education, Directors of Instruction, General Supervisors, Teachers, University Administration and students. This was an evaluating meeting where the program was discussed and future plans made.

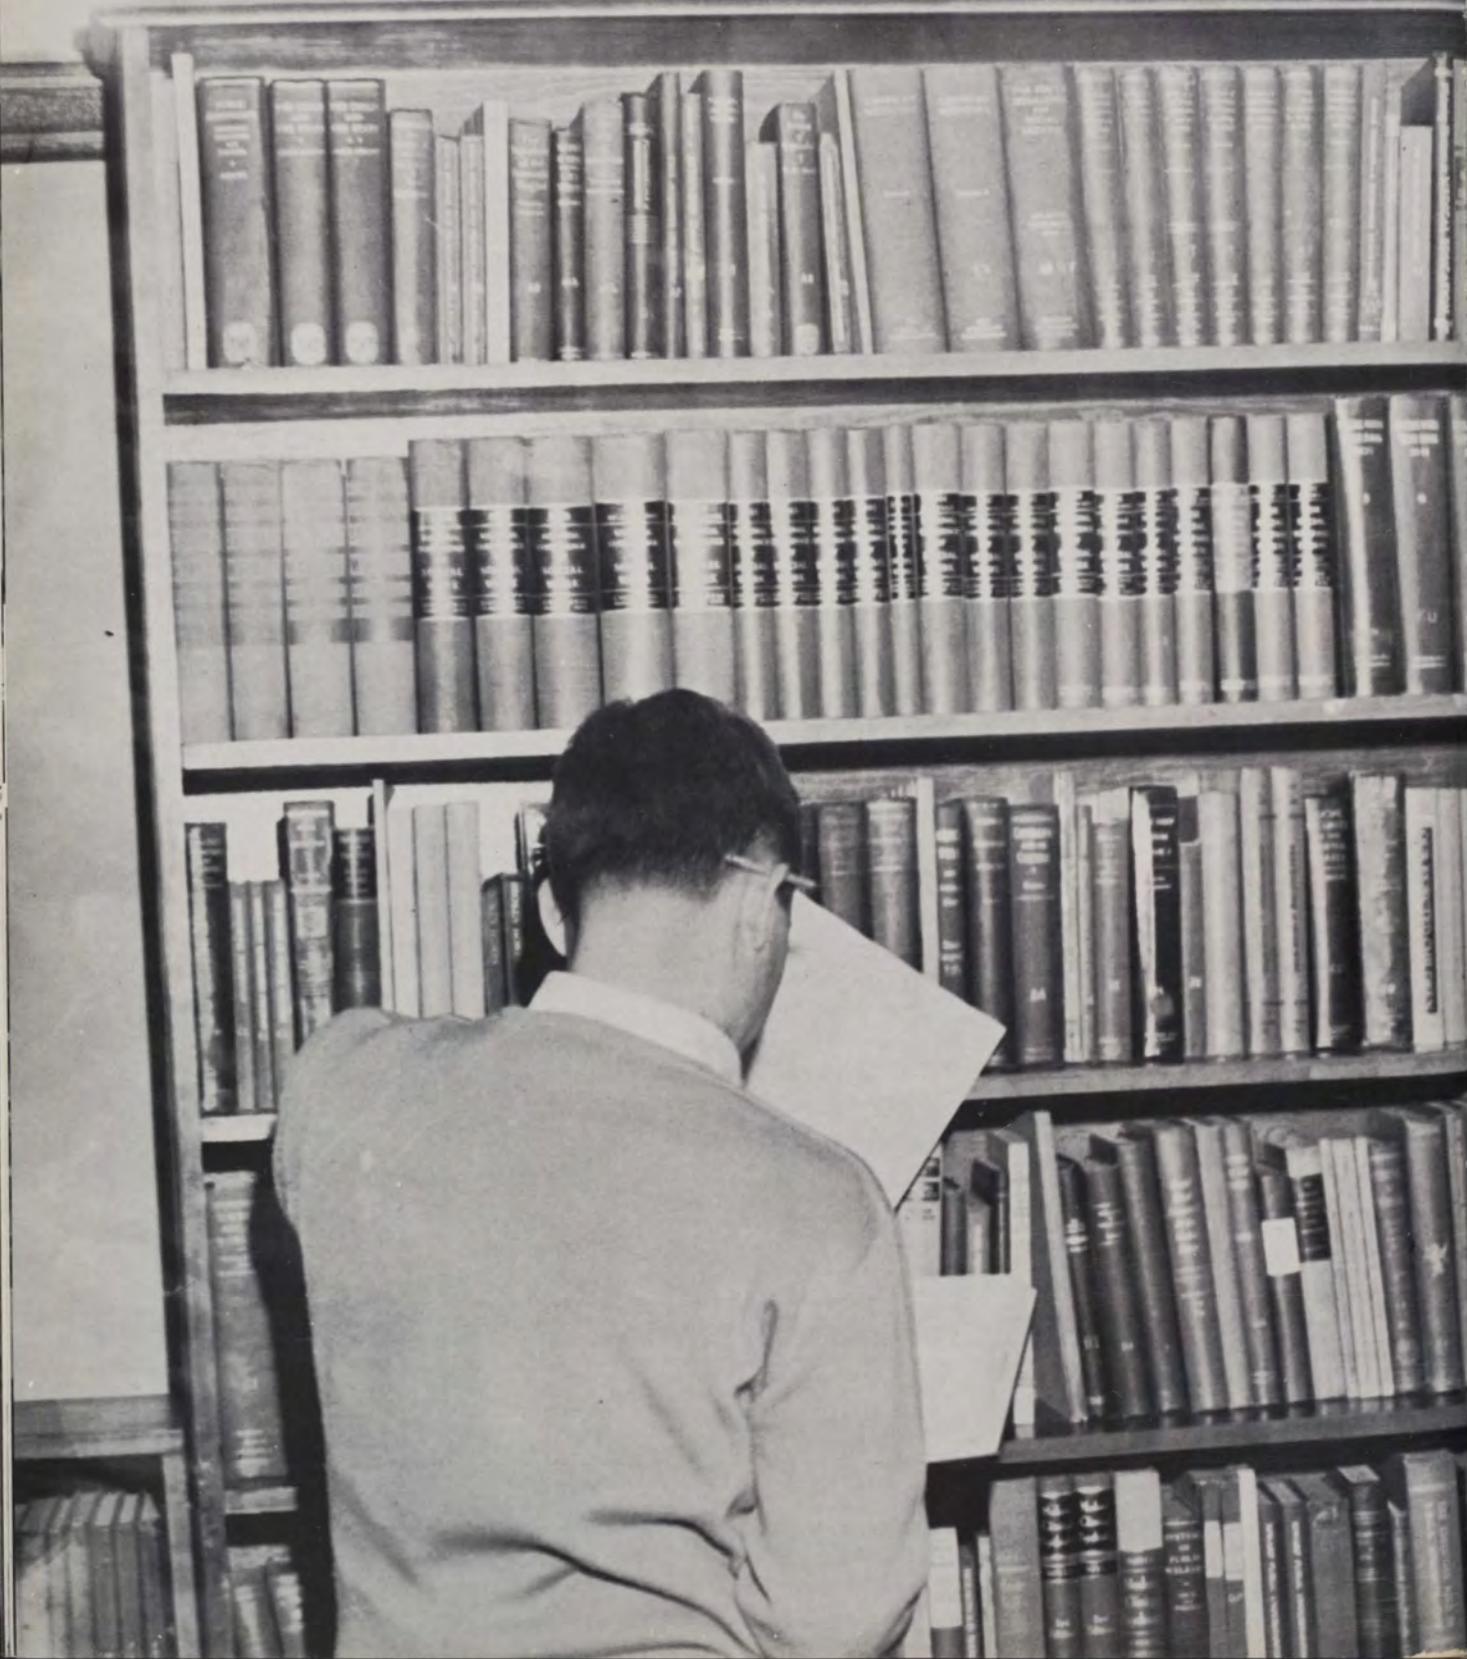

The Funds for Advancement of Education, which is a branch of the Ford Foundation, along with the Jefferson County School System, Louisville School System and the University of Louisville carry on a graduate program in elementary education. Dr. J. F. Wilks, Professor of Education, is the coordinator of this Pilot Study.

Many students from foreign lands come to do graduate work at the University of Louisville. Medical and Speed Scientific Schools seem to be a subject of interest for most of these students. Pictured at the left is a scene from the International Variety Show. This group which is separate from the International Relations Club and composed entirely of foreign students is very active in combining school life and social activities.

# Kent School of Social Work

The Raymond A. Kent School of Social Work is a professional school of social work offering graduate preparation for the field of social welfare. The School is located on Belknap Campus, Room 300, Administration Building, U. of L. The professional work of the School includes a program of classroom courses, research, and field work.

RAYMOND A. KENT

The School, established under the name of the Graduate Division of Social Administration in 1937, was an outgrowth of the Department of Sociology and Social Work within the University. In 1944 the name of the School was changed to memorialize the late president of the University, Dr. Raymond A. Kent.

The professional social worker is concerned with a wide variety of social problems. The social worker is employed in departments of public assistance and public welfare, child welfare agencies and services, family service agencies, medical and psychiatric social service, in the visiting teachers' departments of the public schools, group work agencies, and in agencies concerned with community organization, social research, and social welfare planning.

MISS MATHILDA MATHISEN  
*Acting Dean*

HOWELL V. WILLIAMS  
*Dean*

Miss Mathilda Mathisen is the acting dean of Kent School during Dr. Williams' absence. Professor Mathisen, who now heads the Medical Social Work Department of Kent School, is the senior faculty member of Kent School and has acted as dean on previous absences of Dr. Williams.

Dean Howell V. Williams was sent by the United States Foreign Operations Administration and is working with the Egyptian Ministers of Education and Social Welfare. His purpose is the reorganization of social work training and the establishment of a national school of social work.

Dean Williams has been with the University of Louisville since 1947, having previously served on the faculty of the University of Southern California.

# *School of Law*

The University of Louisville School of Law was organized in 1846 and is the second oldest law school in the South. The incorporation of the Jefferson School of Law in 1950 and the introduction of evening classes are among the recent outstanding achievements of the Law School. With the finest of libraries, the school is continuing to grow in position and prominence.

"Assistant clerks." These seniors are appointed to work for the Judges of the Four Common Pleas, Branches in Louisville. Front row, left to right: Carey Thompson, Mr. William Peden, Director; Louis Cohen. Second row: Imon Spencer, James Moriarity, James Martain, Donald Reely.

Under the guidance of Dean A. C. Russell and Judge Lawrence Grauman, a new program has been initiated at the University School of Law.

This new program is called the "Judicial Assistantship Program." Mr. William Peden, associate professor of Law, has been appointed faculty coordinator of this new program.

The major objectives of this program are to give the Law students practical training in court room technique and practice, as well as to become acquainted with what is known as court house procedure; to give the cooperating judges assistance; and to bring a closer integration of the bench and bar and the School of Law. The Law School has promoted another first in this program as it has done under the Briefing Service.

The program functions in this manner: Each Friday morning the students report to the chamber of the judge to whom they have been assigned. At this time they submit to the judge the results of their research from the preceding week. The meetings are informal and the judge outlines current problems confronting the court and assigns work to be done the following week. The students then take their place in the court room and watch the proceedings of the morning session. There are pre-trial conferences held on Thursday mornings which the students are invited to attend. It is a practice that should benefit all the students who take an active part therein.

## *Nathan Burham Competition*

The Nathan Burham Memorial Competition was first inaugurated in 1938 to honor the memory of a distinguished authority on Copyright Law, Nathan Burham, who was General Counsel for the American Society of Composers, Authors, and Publishers (ASCAP). ASCAP is a world-wide organization.

Each Law School in the United States is entitled to enter two of their best works. The best paper receives an award of \$150, the second best receives \$50. These papers are submitted to ASCAP in New York, where the best five are entered nationally. From these five is picked the one for the national award of \$500. These final five are then published in the book called the *Symposium*, copies of which can be found in every law library.

Only seniors in their last year of work can enter this competition. The competition furnishes a book on the rules and procedure which each competitor must follow. Each competitor can write on any phase of copyright they deem worthy of their merit.

DONALD W. REELY, recipient of the 1955 National ASCAP award of \$500.

The Briefing Service founded in 1936, marks one of the outstanding achievements of the Law School. Our Law School was the first in the United States to adopt such a plan.

The functions of the Briefing Service are to render a research service to members of the Kentucky Bar whose library facilities are inadequate to solve complicated legal problems, to give students a chance to work with problems that are true legal issues, and foster a closer relationship between students and practicing members of the bar.

Each problem is under the direction of a faculty advisor and a senior student, the briefs are prepared by outstanding senior and junior students of the school. They use the Law School, where they have access to materials not often available at average local libraries. All work is done without charge.

The Moot Court Club was organized in 1952 by a group of students to afford the opportunity for future classes to gain practical experience in presenting a case to the various courts. Until 1953, the experience was only before Appellate Courts, that is, before three judges, without a jury. During the past year the club has presented cases in conjunction with the course in Trial Practice. Mock crimes are set up by the Southern Police Institute.

The club also participates in the National Moot Court Competition each year, by sending two or more outstanding advocates to compete in oral argument with other Law Schools in the nation.

The Student Bar Association is the Student Government of the School of Law. It is a junior example of the American Bar Association and is designed to familiarize the law student with the functions of the Bar Association and provide a more effective and efficient form of student government.

Its membership encompasses the whole student body from which are elected thirty-six members to eight committees. With the Director of the Briefing Service these committees compose the Executive Committee, which is the legislative body of the Association.

Delta Theta Phi Law Fraternity, the largest legal fraternity in the United States, was founded in 1900. Today, Delta Theta Phi has eighty-one active student senates, the thirty-four active alumni senates and a total membership of over 30,000.

The Henry Clay Senate, located at the University of Louisville, was installed in 1948. Its members are active in Law School activities. Regular monthly meetings are held and prominent local judges and lawyers are invited as guest speakers.

The Louisville Alumni Senate was installed in 1951, with Dean A. C. Russell as Dean. The object of the fraternity is to unite congenial students of the law, to lead them to high scholarship and to advance the interest of every college of law of which this fraternity shall be associated.

Alpha Omega Alpha, the national honorary scholarship society in medicine, elects to membership each year students in their third and fourth years who are outstanding in scholarship and character. Its purpose is to encourage personal honesty and the spirit of medical research. It is not a social organization and the custom is growing of devoting the chapter meetings to the presentation of clinical cases and scientific papers with discussion.

A non-secret, college medical honorary society, it was organized at the College of Medicine at the University of Illinois, Chicago, August 25, 1902 and is the only order of its kind in medical schools on this continent. There are forty-one active chapters representing nearly all those institutions of the highest rank in Canada and the United States and it is only to those attaining such rank that charters will be granted.

# Phi Delta Epsilon

Phi Delta Epsilon medical fraternity was founded nationally in 1904 and now consists of forty-nine chapters. Phi Chapter was established at the University of Louisville in 1916.

# School of Music

Founded in 1932, the University of Louisville School of Music has been located in a setting of fourteen beautiful acres of lawns and gardens in Cherokee Park since 1947. *Gardencourt* is of increasing popularity with students and faculty alike.

Gardencourt has established many annual traditions, some of which are the Contemporary Music Festival, held each May, the annual program of music and an outstanding Opera Workshop which is also a part of the Kentucky Opera Association.

Many students and faculty play in the widely renowned Louisville Orchestra and because of this close tie, the campus is frequented by composers and performers of great musical renown. They speak to the student body, hear their compositions and performances and enjoy with them the work that is so musically inspirational in this setting.

Sigma Alpha Iota is a national professional music fraternity whose ideals are to further music appreciation and develop musical ability. In accordance with their aim, the members award an annual scholarship, present recitals, and as a special project, give a recital of American music each year.

Pictured, first row, left to right: Betty Cockerill, Marion Korda, Doris Owen, Doris Tandy. Second row: Genevive Moss, Mary Ann Stabile, Seoung-Lee Chun, Louise Bollinger, Katherine Lurton.

# Kentucky Opera Association

Scenes from Richard Mohaupt commissioned opera *Double Trouble*. The Louisville orchestra performed for the commission.

Mr. Roy Harris, teacher at the Art Center, designed the sets.

The Kentucky Opera Association is a merger of the School of Music's Opera Department with a governing board of Louisville citizens, and is now doing several operas each year in addition to television broadcasts. The untiring efforts of Moritz Bombard, the Director, have contributed much to the success of the productions.

## *Speed Way*

# *Co-operative Work Program*

The Speed Scientific School is a five year engineering school with a co-operative work program. This is similar to the systems used successfully by several other leading engineering schools.

Under the co-operative system each student receives, in addition to his academic work, actual experience as a regular employee in industry. It is during the student's third and fourth years that he alternates his academic work with "co-operative" or industrial work experience. Under the five year plan in engineering education, these are four quarters of co-operative work required by the engineering school for graduation.

## THE ENGINEER

WITH CLOUDED WITS, THE ENGINEER SITS  
AND PUSHES PENS AND PENCILS.....  
WHILE DAY BY DAY, YEARS SLIDE AWAY,  
AMONG HIS INKS AND STENCILS.  
HE WORKS AND WORKS AND NEVER SHIRKS  
(HE COULDN'T DO WITHOUT IT....)  
AND IF HE STOPS... ASLEEP HE DROPS  
AND THEN HE DREAMS ABOUT IT.  
WITH HEAD THAT SINKS AND FRAME THAT SHRINKS  
HE DOES HIS TOILSOME DUTIES,  
WITHOUT A GLANCE FROM GAY ROMANCE  
AND BLIND TO ALL HER BEAUTIES.  
AND WHEN AT LAST HIS LIFE IS PAST...  
THERE COMES NO CHANGE TO SHOW IT  
FOR ENGINEERS ARE DEAD FOR YEARS  
BEFORE THEY EVER KNOW IT....!

# Convenience and Comfort

**FOR YOU  
AND YOUR PATIENT  
HAVE ALWAYS  
BEEN IMPORTANT  
WITH US**

This is why, after 110 years, we are still pioneering, still searching, still devising, still improving, to promote better aids for dentistry. Perhaps you are aware of this.

There is a dramatic story, for example, much too long, for this page, in the evolution of S. S. White Equipment for convenience and comfort in the dental operating room. It stems from "headrest that can be adapted to any kind of chair, well suited to the traveling dentist," made by Dr. Samuel S. White in 1844, through the first self-cleansing cuspidor made in '66, the first electric engine in '70, first all-metal chair in '71, first chair to introduce the compensating seat and backrest in '72, the first hydraulic chair in '77, the first chair to give horizontal position in '99, the first equipment unit in 1913. The list of "firsts" is long, impressive, touches almost every phase of dentistry.

In 1938 the S. S. White Master Unit brought modern styling into the operating room. In 1950, a new triumph in dentistry's conquest over pain came with the introduction of the S. S. White "Airdent" Unit for cavity preparation by the "Air-brasive Technique".

This we hope you will remember always—we and all distributors of S. S. White products have a constant concern for you and your patients and strive always to provide superlative service in all we do and make for you. Proof of this will be evidenced in our free office planning service and convenient financing terms. Test us. Ask any distributor of S. S. White Equipment or write direct.
